TEAM DEVELOPMENT

MODULE ONE - BUILDING HIGH PERFORMANCE

CAPACITY: 12 participants

Professional development courses are a dime-a-dozen: here you can find a truly unique, ground-breaking educational experience.

Our professional development courses have been expertly designed to build upon the skills your organisation needs to get ahead.

Level the playing field and push your team outside of their comfort zone. Work through a series of on-field challenges and off-field discussion, specifically tailored to meet your learning objectives.

Just imagine if your participants were better able to:

- Work effectively with their teams, nurturing talent and driving success
- Identify with different types of team members and adapt to their needs
- Understand how to adapt their leadership style to suit any situation
- Communicate effectively with team members, so that everyone contributes to team goals
- Effectively resolve conflict situations and promote a positive work culture.

This workshop will be facilitated using a combination of classroom-based learning and the 'big toys' at Dig This. Your team will be better able to:

- Describe what high performance looks like
- Appreciate the strengths and weaknesses of team members
- Measure team performance
- Manage conflict in the team
- Build effective relationships

The building high performance module works best with 10-12 people.

COST: \$8000

IMPORTANT INFORMATION

- This module takes eight hours to complete.
- All participants are required to complete our on-field safety orientation (including an alcohol breath screening test) prior to their participation.
- Closed toe footwear is required.
- Participants must be on-site at Dig This from 8.30am – 4.30pm daily.
- Cost of training includes:
 - Exclusive use of the Dig This field for the day.
 - A food and beverage package prepared by Mash Catering.
 - Course Facilitator and Dig This Instructors for the day.

“WHAT A HUGE AMOUNT OF FUN! CERTAINLY A TEAM BUILDING EXPERIENCE LIKE NO OTHER”

TEAM DEVELOPMENT

MODULE TWO - COACHING SKILLS

CAPACITY: 6 participants

Over the years, coaching has become an increasingly popular tool in supporting employee development. Although coaching is now widespread among employers, there are continuing issues about how best to manage and deliver coaching arrangements in an organisational setting.

Your team will learn the principles of coaching at work, which will become part of your team culture. vital for mentors and anyone coaching new employees or workmates.

Your team will be better able to:

- Inspire the people they coach, bringing out the best in every individual
- Overcome obstructions to coaching and help set goals that improve workplace skills
- Create a positive work environment through proactive discussions
- Improve their questioning and listening skills to make coaching conversations effective
- Simply apply core coaching skills, for overall organisational success
- Keep their discussions focused on clear outcomes and key workplace actions

At the end of this coaching essentials training course, participants will be able to:

- Identify development needs and implement appropriate solutions
- Establish how people learn and what this means when coaching
- Recognise and remove the obstacles to successful coaching
- Use a model to plan, prepare, and structure a coaching session
- Give feedback for performance improvement

The coaching module works best with four or six people.

COST: \$8000
